SUBJECT INDEX

Aberfan coal-tip disaster, report 277
Accelerator, 1 million volt, for electron microscope 553
200 GeV, Weston, Illinois 212
Weston, Illinois, expansion provision 686
Acetylsalicylic acid in biological fluids 255
Acoustic aids for deaf children 126
Acoustic holography, photographic plate recording for 629
Advanced passenger train trials for British Rail 9
Aerobee rocket detection of X-rays 160
Ageing, biological, study of 480
symposium papers 570
Agricultural aircraft with new wing form 26, 214, 359
Agricultural research in Tropics 493
Air bus. See under Aircraft
Air-cushion aircraft 389
Air defence interceptions, computer-control of 552
Air pollution research, Harwell 375
Airborne display system 78
Aircraft, agricultural, with new wing form 26, 214, 359
air-cushion undercarriage 389
airborne display system 78
Atlantic airliner navigation survey 8, 214
BAC 2-11, development prospects 421
bird collision prevention study 77
Boeing 727-200 airliner, test programme 231, 359
collaboration in manufacture 100
computer flight simulator 434
Concord supersonic airliner, control systems 612
production delays 590
digital computer control 612
European air bus 232, 234
ground radio link by ATS-1 satellite 423
height meter for airliners 342
helicopter, pneumatic fluid sensors for 249
instrument landing system 63
Islander, for Orkneys service 374
"jumbo" jet, unloading requirements 7
radio beacons for, Australia 473
'Rotor-jet', development of 292
747 "jumbo" jet, structure weight increase 185
sonic booms 127, 209, 328
Spitfire, restrictions for 474
Aircraft engines, jet, noise suppression 196
testing simulator 77
maintenance by component sampling 202
Aircraft fuel, Safuel, fire reduction hazard 143
Aircraft industry, technical information exchange with Russia 653
Aircraft noise, social consequencies of 46
Aircraft pilots, colour television simulators for training 278
Aircraft undercarriage leg, pneumatic seal for 246
Aircraft wing, trailing edge slot 291
Airport runway visibility, measurement device 290
Airports, congestion of road traffic at 536
Alcock, G., discovery of new star 140
Alcohol strength, Government Chemist report on 656
Aldabra, proposed military airfield 373
Alga, green, methane consuming, photosynthetic 256
Aluminium, vertical welding of 554
Aluminium coated steel, dry-powder deposition of 610
Aluminium films, high-quality thin 673
Aluminium pedestrian bridge 293
Aluminium smelter, economics of 654
Amalgams, organic, stabilization 298
America's Cup Challenger entries 399
Amino-acid-transfer-RNA formation, correction 46
Ammonia, diketene reaction with 503
sulphur dissolution in 442
Ammonia container for road and rail transport 341
Ammonia suppression of smuts 27
Anaesthetics, mechanism 686
Analog-threshold logic, applications for 7
Animal disease, effect of climate 63
Animal feedstuffs, antibiotics in, dangers of 128
Animal hibernation, observations on 442
Animal hybrids, embryo deaths 504
Animal hydra, multi-cellular, growth pattern of 505
Animal infertility from onion grass consumption 672
Animal Welfare, Universities Federation for, poultry rearing study 593
Animals, extinct, body temperature estimation 375
laboratory, cages for 279
pentamerism in, origins of 546
protean behaviour of 96
sex predetermination in 504
Ant fossil, origins of 565
Anthracene molecule, chemical rearrangement of 208
Antibiotics in animal feedstuffs, dangers of 128
Antigen injections as aid to organ grafting 130
Anti-lymphocytic serum for organ transplantation 423
Ants, minima, leaf-cutting 505
radioactive tracer study of uptake pattern 397
Apartheid and education 213
Appleton, Sir Edward. Life and work of 214

Applications Technology Satellite. See ATS
APT trials for British Rail 9
Arctic route for Japanese freighters 7
Argentine, fauna destruction in 535
Armoured teeth, last word on 593
Artists, creative, effect of science on 681
Asbestos/cigarette effects on lung cancer 35
Aspirin, measurement of absorption 255
Association of Scientific Workers, scheme for degrees 181
Astronomic clocks, time co-ordination with atomic clocks 148
Astronomical observations from space platforms 191
Astronomical optics, image tubes observations in 66
Astronomical research, radio, US 472
Atlantic air navigation survey 8, 214
Atomic clocks, time co-ordination with astronomical clocks 148
Atomic Energy, Joint Congressional Committee on 22
Atomic Energy Research Establishment, air pollution research 375
non-destructive testing centre 79
Programmes Analysis Unit 125, 261
ATS-1 satellite, aircraft-ground radio link 423
Audio-visual aids in education, London 65
Warsaw 508
Australia, lungfish sanctuary 87
nuclear fall-out over 399
Automation of stout processing 23
Avicel, microcrystals from 201
Azur satellite, research programme 35

BAC 2-11 aircraft, development prospects 421
Bacteria, effect of complement on 97
effect on lubricants 336
growth on disinfected mop-heads 441
growth synchronization treatment 8
measurement of pollution 145
symbiotic, functioning relics of 660
Ball lightning, experimental study of 627
Ballistic missile defences, US 657
Balloon, Piccard hot-air 327
Banana Peel, Instant, last word on 377
Bath University, financing of 34
Bats, rabies carriers 184
Battery, dry paper 390
tape powered 74
Battlefield-surveillance radar system 608
Beach erosion prevention, plastic seaweed for 24
Bee protection, insecticide granule spray for 248
Bees, behaviour studies 64
honey, mating of 534
scent substances to label empty food sources 397
Beeswax shortage 446
Beetle, Khapra, control of 292
Bell, G.D.H., Royal Society Mullard Award for 209
Bibliographic records, seminar on computer handling of 188, 448
Bio-chemical basis of long-term memory 206
Bio Flowerlife for cut flower preservation 675
Biological ageing, study of 480
symposium 570
Biological clock, analysis of 236
Biological satellite, Biosatellite II 685
Biology, Science Research Council report on 537
Biosatellite II biological satellite 685
Bio-super, superphosphate fertilizer 293
Bio-trey silicate for front teeth fillings 674
Bird visitors, Rarities Committee report on 592
Birds, airborne observation of 129
aircraft collision prevention study 77
Births, influence of Moon phases 472
Blood flow measurement, new system for 72
Boards from groundnut shells 608
Boat, amphibious cylinder 78
Boeing 727-200 airliner, test programme 232, 359
Boilers, model tests on large 392
Bomb, neutron 534
Bondi, H. ESRO director-general 257
Bones, leg, torsional strength of 233
Braille, computer translation into 423
Brain drain, prevention of 513, 631
recruitment methods 8
Brakes, air, automatic slack adjuster for 609
Bricks from rice husks 592
Bridge, aluminium, pedestrian 293
road, designer's role 378
British Association for the Advancement of Science, future of 204
presidential address 426
presidential address to Mathematics and Physics Section 480
British Computer Society 62
formation and activities 308
British Council for Nature booklet on mammalian predators 128
British Rail, advanced passenger train trials 9
wagon-wheel load-measuring machine 551
British Welding Research Association, welding 653
Brush separator for dust particles in waste gases 293
Bubble chamber, giant 63
superconducting magnet for 144
within bubble chamber 157
Business executives, survey on leisure 423
Butterflies, Painted Lady 359

Cabbage/radish cross 404
Caffeine extraction from instant coffee 511
Cages for laboratory animals 279
Calcium co-precipitate, recovery of 290
Calibration service for measurement science 231
Canada, effect of squeeze on research and development 540
High Altitude Research Programme 540
National Research Council, new president 475
Science Council of, report of 232
Cancer, lung, effects of asbestos and cigarettes 35
effect of selenium 129
effect of sugar 129
theory of cause of 44
Cannabis sativa, effects of 254
see also Hemp
Capillary-cell technique for Raman spectroscopy 300
Capri, sterilized-male technique against fruit fly 375
Cardboard houses 184
Cardboard models for teaching computer logic 126
Carey, S. Warren on regeneration of aged organs 325
Cargo container shipping, PLA research on 560
Cars, computer control of fuel injection 201
flexible fan blades for 611
microelectronic devices for 7
safety requirements in US 388
Casting, pressure, of tube 341
Catalase, inhibition by pesticides 353
Catalysts, chemical reactions on 37
Cattle, solanum malocoxylon killing 655
weed killing 655
Cave-breathing, rock permeability for 208
C-E-I-R mathematical model-building symposium 6, 13
Cell differentiation process mechanism 352
Cell 4, jet engine testing simulator 77
Cells, functioning relics of symbiotic bacteria 660
Centrifuge for vaccine production 350
Ceramic pigments, zirconium-based 490
Cerebro-spinal fluid, sleep-inducing factor in 565
Cheese from soya beans 390
Cheese production, air bubble treatment 26
Chemicals and pollution, effect of, on marine life 68, 260, 307
Chemistry, radiation, new techniques of 662
Chicago, drainage tunnel proposals 248
Chicken, prepacked, irradiation of 610
Chicks, imprinting reversal studies in 352
Children, deaf, acoustic aids for 126
Chiton, mineralization process of 92
Chlorella, methane consuming, photosynthetic 256
Chlorine, oxide of, new structure 158
Chlormequat growth-regulating chemical 326
Chromosome, DNA, repair of damaged 600
Cigarette/asbestos effects on lung cancer 35
Cigarette smoking, health hazard warnings 92
Circadian rhythms, effect of noise on 566
Circuit-breaker, reversible 389
Circuit-Tron, electrical safety device 343
Clarke, A.C. communications satellites 625
Clay-bending by analogue computer 340
Clocks, astronomic, time co-ordination with atomic clocks 148
atomic, time co-ordination with astronomical clocks 148
biological, analysis of 236
Cloud structure, laser measurement of 78
Clover crop, subterranean, Western Australia 183
CO_2 laser, chemi-optical pumping of 36
Coal, crude oil from 609
Coal bitumens, hydrogenated, for road surfacing 609
Coanda effect for future tube trains 280
Coating, metal, metallizing, electrolytic 26
Cockcroft, Sir John, obituary 590, 692
Coffee, instant, caffeine extraction from 511
Colour specifications 213
Committee on Space Research, meeting on orbiting satellite data 64, 191

Complement effect on bacteria and red cell membranes 97
Components, machine-made, classification of 496
Comprehensive schools and science and mathematics teachers 589
Computer-aided design, centre for 78
Computer analysis of lecture comprehension 536
Computer assistance in library 137
Computer control, of air defence interceptions 552
of design 251
of fuel injection, car 201
of numerical control of machine-tools 562
of road traffic 184
Computer flight simulator 434
Computer handling of bibliographic records 188, 448, 692
Computer industry, profitability of 325
Computer languages 361, 691
Computer logic, cardboard models for teaching 126
Computer logic element 552
Computer network, national, for GPO 5
Computer Society, British, formation and activities 308
Computer software, oilfield output prediction 591
Computer technology, conference on 243
Computerman's creed, last word on 65
Computers, analogue, clay-blending by 340
Braille translation 423
commercial time-sharing systems 422
digital, for aircraft 612
electron beam memory for 80
in defence decisions, US investigation of 446
in libraries 692
thin film memories 27
Concepts, understanding of 405
Concord supersonic airliner, control systems 612
production delays 590
Concrete, crack resistance tests 433
machines of, research and application of 294
pre-stressed, flue gas curing of 25
reinforced, steel cracking in 246
Concrete wall construction, machine for 435
Conma construction of concrete walls 435
Container shipping, PLA research on 560
Continental drift theory, parasitology support 687
Contraceptives, oral, side-effects 687
Copper-clad stellite, welding to stainless steel 610
Copper mine, grass growth on 376
Copper ores, refractory TORCO treatment of 488
Cornea, plastic replacement for 398
Corrosion, fuel-ash, silica reduction of 489
Cosmos satellites, tracking of 534
COSPAR. See Committee on Space Research
Cows, milk yield, effect of weather 448, 572, 691
CRAC conference on brain drain 8
Cracks, surface, microwave detection of 24
Crater Tycho, telephoto and formation of 567
Crime, changing attitudes to 425
Crude oil from coal 609
Crystals, structure study by proton beam 45
Ctenocephalides felis combs, function of 157
Current detection in coastal waters, dye for 672
Cycle track, wooden, for Earls Court 489

Cyclotron, 5 GeV, students building of 655

Dam, inflatable "shell" 281
Tarbela, Pakistan 422
Vakhsh, explosives in construction 473
Data-processing Management Association, formation of 62
Daylight, energy distribution, measurement of 62
Deaf children, acoustic aids for 126
Death certificates, inaccuracy of 374, 632
Deep drilling projects, Russia 329
Degrees for research workers 181, 403
Dermatobia hominis, sterile male breeding 608
Desalination, permasep permeator process for 202
reverse osmosis purification for 202
Desalination plant, Gulf of California 536
integration with nuclear power station 182
Design, computer-aided, centre for 78
computer control of 251
Design engineering, errors in 601
Design instructions and manufacturers 84
Detector, nuclear particle 202
Deuterium oxide from sea-water 609
Dew as potable water source 161
Diamond, artificial, ballas synthesis 389
Diamond drilling with electron beam 343
Diet, effect of chemicals in, on grasshopper 629
Dietetic research, France 278
Diketene reaction with ammonia 503
Disease, animal, effect of climate 63
Divers, physiological effects on 257
DNA chromosome, repair of damaged 600
Docking methods, study of 82
Dog menace, last word on 9
Dowsing, location of buried objects 422, 572, 573, 631-632, 692
Dracones, towing of 156, 261
Drag reduction, Dynaplane hull for speedboat 673
Drainage tunnel proposals for Chicago 248
Drilling, diamond, with electron beam 343
Dropsonde observation of hurricanes 202
Drosophila, new virus in 441
Drugs, psychotropic, Dunlop Committee on 533
Drying, stainless, solvent for 161
Duck shooting, non-toxic shot for 230
Dunlop Committee on psychotropic drugs 533
Dust particles in waste gases, brush separator for 293
Dye for current detection in coastal waters 672
Dyestuff reaction 687
Dynaplane hull, speedboat, for drag reduction 673

Ear, external, function of 686
Earls Court wooden cycle track 489
Earth, helium bulge above 254
